

# Education Integration Project

– Providing quality learning and teaching experiences for GP supervisors, registrars, PGPPP doctors and medical students

## Blacktown Cluster Meeting

Dear Supervisor,

I would like to invite you to our 1<sup>st</sup> Blacktown Cluster Meeting on **31<sup>st</sup> January 2012, 6.30pm** at **Chifley Hotel, Eastern Creek (Corner Brabham Drive and Peter Brock Drive, Eastern Creek)**.

WentWest is conducting the Education Integration Project (EIP) in order to develop a network of teaching and research excellence across Greater Western Sydney, with priority given to areas of greatest community health needs. The objective of the EIP is to establish 5 clusters in Western Sydney for the provision of an effective and integrated learning environment. These clusters will focus on local community health care through the engagement of WentWest, Universities, hospitals, Medical Local and healthcare providers.

The clusters that have been established are Blacktown, Blue Mountains, Hills/Hawkesbury, Parramatta and Nepean. Our next step is to formulate the education module for each cluster, and then design and deliver the educational meetings to participants at all levels in WentWest region.

Topics to be discussed at the 1<sup>st</sup> cluster meeting:

- Selection of an education module that addresses the health needs within your cluster
- The design of the monthly cluster meeting in order to effectively share your area of expertise with medical students, PGPPP doctors, registrars, GPs and supervisors, hence–promoting vertical integration within GP educations
- Technologies that allow participants at all levels to join different cluster meetings in order to extend their knowledge and skills in different fields
- Methodology of delivering the monthly cluster meetings
- Selection of host practices

The EIP information sheet is attached to this letter to remind you of the purpose and the objectives of this project. To RSVP, please advise the following details via email to [jade.chang@wentwest.com.au](mailto:jade.chang@wentwest.com.au) or fax to 02 9622 3448 by 25<sup>th</sup> January 2012. This meeting does not attract any CPD point.
