

Viewing a Delivery Report

To check the status of your sent messages, simply right-click on the **Trinity** icon  in the system tray and click **View Delivery Report**.

The other option is to double-click on the  icon, located on your desktop.

MO Delivery Report

Under **Outgoing Files** you will see the status of your messages and the state of their acknowledgement. You have the option of entering a date range at the top of the page to check the status of past messages.
